Through hard work and dedication to his craft, Jim Martin is considered one of the most knowledgeable single action revolver gunsmiths of our time. Through decades of association with Colt (since 1959), Jim became a primary consultant for Jerry Kunnhausen's book which is 'Colt Single Action Revolvers, a Shop Manual' Vol 1&2'.

Several championships (California State Championship 4 times, the Western State Championship and the World Champion Fancy Gun Handling twice and several Regional Wax Contests) allowed Jim to work at Paramount Studio, MGM, Corriganville and later at the old Paramount Movie Ranch. This was a memorable time with being a Gun Coach, Gunsmith while working with the likes of Jock Mohoney, Jay Silverheels, Iron Eyes Cody and others. During this time Jim built Alfonso's first gun, Ray Park one of "Ojalas 4 Aces" which was used to compete in Fast Draw and they are still being used today.
